## Call for Tenders 2011/003

◆ Name and mail address of purchasing company :

**RESCOLL**, Société de recherche, 8 Allée Geoffroy Saint Hilaire CS 30021, 33615 PESSAC, FRANCE

Tel : +33.5.47.74.69.00, Fax : +33.5.47.74.80.13

**Contact :**

For commercial issues : Frédéric Combarous : [frederic.combarous@rescoll.fr](mailto:frederic.combarous@rescoll.fr)

For technical issues : Marie-Pierre Foulc : [mp.foulc@rescoll.fr](mailto:mp.foulc@rescoll.fr)

◆ Market:

Acquisition of a versatile equipment designed for supercritical carbon dioxide exposition of materials with the aim of sterilization and/or extraction.

◆ Main features:

- Operation conditions: **450 bar, 100°C**
- Maximum pressure: 700 bar
- Maximum Temperature: 150°C
- Pressure and temperature conditions must be controlled electronically with the possibility to recall stored processing programs
- CO<sub>2</sub> heater
- Equipped with a co-solvent module and an extract collector
- Volume of the vessel: ~ 1000ml with inner diameter 100 mm equipped with magnetic stirrer
- Processing variables recording must be possible and compatible with excel files
- CE label required
- The possibility to add sensors is a plus
